1. Most insurance cards are accepted

2. Medicare Part B: The nurse will ask the customer for his/her Medicare card. The card must indicate “Medica Insurance.” If it does not, the customer must pay $30 for flu, $45 for pneumonia. All individuals with Medicare Part B who are not a member of a Medicare replacement program will receive a flu shot with no co-pay. Medicare will also cover them to receive a pneumonia shot with no co-pay if they either: A) have never received one before, or B) it has been at least 5 years since they last received a pneumonia vaccination, the first shot was administered prior to age 65, and the participant is now over age 65.
