the 20th anniversary
Québec Winter Symposium

Montreal Identities: Literature, Ethnicity and Culture

Join us in discovering the richness of Montreal’s identities; briefings by leading academic specialists, meetings with significant literary and cultural contributors, and participation at cultural events.

April 4-6, 2008
Montréal, Québec

From its inception in 1988, the Québec Winter Symposium has provided a unique educational opportunity for Québec Studies professors from across the United States. The Symposium, conducted entirely in French, is a concentrated workshop focusing on a specific Québec-based topic or theme. Past symposia have examined a broad range of social, cultural, literary, and musical subjects.
